

Until We signed up on the No Call List, we were being unbelievably harrassed from Telemarketer Phone calls. They even started calling after 9:00 pm. and up to 10:00 pm. at night. We finally stopped picking up the phone and let it go onto the answering machine where we only picked up if it were calls from people we knew. The no call list was a life saver for us. Why do you want to take this good thing away from people?
